

BANGALORE  UNIVERSITY

RPS/Misc/2016-17

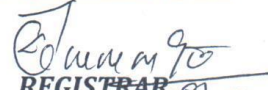

Jnanabharathi
Bangalore - 56
Dated 27.09.2016

CIRCULAR

The Secretary, UGC in his letter No. D.O.No.F.1-9/2006 (CPP-II) dt 01/09/2016 has informed that Universities should take the pro-active steps not only to make the youth live a healthy life but also stay away from the addiction of intoxicants which are spreading in the moder world. The youth are becoming highly dependent on drugs and substances which are not only ruining their academic career but it is a financial burden on their families. It is the moral duty of the educational institutions and the Univesity Grants Commission to make students aware of the ill-effects of drug addiction. Media has already made adequate inroads educating our youth specially the ill effects of taobacco which has become a major cause of oral cancel and excessive intake of alcohol which is the cause of death and failure of vital organs and also the major cause of raod accidents.

A part from this, organizing orientation Programmes expecially targeting freshers would serve as an effective instrument of positively structuring their experience of higher education. Institution may also use opportunities like annual day cultural festivals and even convocation days to underscore the ills of addition in symbolic as well as material ways.

The Chairpersons/Co.ordinators/ Directors of PG Departments/Courses and Principals of affiliated colleges of the University are requested to act upon the above suggestions and set up a mechanism to ensure compliance is this regard.

REGISTRAR 28/09
